CAREER OBJECTIVE

Computer Science Engineering student (Batch 2024) with hands-on full-stack development experience and a strong foundation in programming, debugging, and systematic problem-solving. Eager to grow in QA and automation testing with keen attention to detail, a passion for software quality, and a positive, team-first attitude.

EDUCATION

Nitte Meenakshi Institute of Technology, Bengaluru <i>Bachelor of Engineering, Computer Science</i>	2024 – 2027 <i>CGPA: 6.90</i>
Government Polytechnic, Udupi <i>Diploma, Computer Science</i>	2022 – 2024 <i>CGPA: 8.85</i>

TECHNICAL SKILLS

Programming	Python, Java, C, JavaScript
Web	React.js, Next.js, Node.js, Express.js, HTML5, CSS3, Tailwind CSS, Framer Motion
Databases	MongoDB, Mongoose ODM, MySQL, Firebase
Testing	Manual Testing, Functional Testing, Debugging, Test Case Design, Bug Reporting
Tools	Git, GitHub, Postman, VS Code, Vercel, Netlify, Render
Soft Skills	Attention to Detail, Problem-Solving, Team Collaboration, Adaptability, Quick Learning

PROJECTS

HackForge <i>React.js, Node.js, Express.js, MongoDB, JWT, Socket.io, Tailwind CSS</i>	<i>2024</i>
- Built a production-style full-stack contest management platform; performed end-to-end functional testing of submission workflows, authentication flows, and leaderboard computation. - Debugged and resolved issues across RESTful API endpoints (Node.js / Express.js) for contest creation, team registration, and participant management — strengthening systematic debugging skills. - Validated JWT role-based authentication (admin / participant), tested edge cases for unauthorized access, and verified real-time Socket.io leaderboard accuracy and cross-browser UI behavior. - Developed a responsive, animated frontend with React.js, Tailwind CSS, and Framer Motion; integrated Recharts for contest analytics dashboards.	
Word Scramble <i>HTML5, CSS3, JavaScript, Web Audio API</i>	<i>2023</i>
- Developed and manually tested a browser-based word puzzle with timed scramble mode, permutation solver, score persistence, and Web Audio API feedback; identified and fixed logic bugs. - Conducted cross-device UI testing to validate CSS3 animations and DOM responsiveness, ensuring consistent behavior across all screen sizes.	

CERTIFICATIONS

MongoDB (<i>MongoDB University</i>)	2024
Programming Using Java (<i>Infosys Springboard</i>)	2024
Training Program on Cybersecurity	2023
Introduction to Cyber Security	2023
Software Engineering Fundamentals	2023
Software Estimation and Planning	2023

ADDITIONAL INFORMATION

Availability	Batch 2024 Open to Hybrid roles in Bengaluru
Languages	English, Kannada, Hindi (<i>Read / Speak / Write</i>)
Interests	Creative UI/UX Design, Poster Design, Social Media Management, Cricket
